

# COUNTRY<sup>®</sup> STOVES

A LIFETIME OF WARMTH

Attn: Country Stoves Hearth Retailers

Selkirk Direct-Temp<sup>™</sup> has been added as an approved venting option on Country Stoves direct vent gas products.

All owners manuals have Simpson Dura Vent<sup>™</sup> part numbers listed. It is required that a Simpson Dura Vent<sup>™</sup> cross reference sheet be used when selecting your Selkirk pipe. If a Simpson Dura Vent<sup>™</sup> part # does not have a Selkirk Direct-Temp<sup>™</sup> part # contact Selkirk for instructions.
