

HearthStone[®]

Quality Home Heating Products

To: Brian Zeigler/Ned Hodgson
At: Intertek Testing Services

From: Dale Ward
At: HearthStone QHHP, Inc.

Date: April 21, 2004

Regarding: Submittal to request the addition of Selkirk Direct-Temp[™] to the list of acceptable venting components for use with HearthStone's gas products.
Installation instruction appendix for HearthStone Direct Vent models;

Tucson	(8700+8701)
Sterling	(8531+8532)
Santa Fe	(8760+8761)
DVI	(8870+8871)
Champlain	(8300+8301)
Stowe	(8320+8321)

Brian/Ned,

Attached you will find a manual addendum that we would like to add to our manuals. It is our intent to include Selkirk Direct-Temp[™] as an acceptable venting option for our gas products.

If any questions arise with regards to needing more information, please contact myself (802) 888-5232 ext 269 or Bill Sendelback at Selkirk (972) 560-2131.

Sincerely,

Dale Ward

Champlain	(8300+8301)
Stowe	(8320+8321)

Selkirk Model Direct-Temp™ direct venting system has now been added as an approved venting option by our safety certification organization, Intertek Testing Services/Warnock Hersey, for the above referenced direct vent gas appliances.

When using Selkirk Direct-Temp™ as an alternative venting system, follow the same system layout, clearance to combustibles and other guidelines as currently included in our main installation instructions for the above referenced appliances. The Selkirk Direct-Temp™ installation instructions are included with all Selkirk Direct-Temp™ terminations and provide clarification on how certain parts/pieces are assembled, but do not give specifics on system layout options. Follow both sets of instructions.

Available is a cross-reference chart for the Selkirk Direct-Temp™ system versus the system currently referenced in our instructions.

If any questions arise with respect to correlating parts or issues associated with the Selkirk Direct-Temp™ system, contact Selkirk Technical Support at 800-848-2149, ext. 203 or Technical Support at 1-800-82-stove (1-800-827-8683)

Effective Date: February 1, 2004
